SQUASHathon

August 2018

What

Join us for free virtual pizza and hugs as we squash some bugs!
This month's goal is reducing the number of broken modules in the
ecosystem **modules.perl6.org**

A preview of which modules fail can be seen on **toast.perl6.party** and we'll
have an updated list during SQUASHathon.

When

Saturday, August 4, 2018, in any time zone (no exact time is dictated)

Where

#perl6 channel on irc.freenode.net
You can join by visiting **perl6.org/irc**

How

Fix failing tests in modules during the SQUASHathon, there will be live
humans to answer any questions you might have. All skill-levels welcome!
